RE: Sensus Water Meter Upgrade Project

Dear STPUD Customer:

Beginning on August 22, 2011, the District has contracted with Sensus Metering Company to upgrade our metering system. The purpose of this letter is to make you aware that Sensus personnel will be present in your area to make these upgrades.

If you have any questions or concerns, please feel free to call me or our Customer Service Department at 544-6474. The District looks forward to completing this project by August 31, 2011.

Sincerely,

Tim Bledsoe
Manager of Customer Service
