## RE: HIGHWAY 50 WATERLINE PROJECT

Dear Business Owner and Valued Customer:

Beginning in early August, District contractors will begin work on the Highway 50 Waterline Project. This project is being completed to accommodate the California Department of Transportation's Trout Creek to Ski Run Boulevard Improvement Project. The District will be realigning approximately 300 feet of water mainlines, relocating fourteen fire hydrants, and realigning two sewer manholes.

The District's project will be completed at night between the hours of 7:00 p.m. and 7:00 a.m. in an effort to minimize the impact to the business community. It is expected the project should be completed by September 15.

Should you have any questions or concerns regarding this project, please feel free to call Jim Hoggatt, Engineering Department Manager, at 530.543.6206 during regular working hours (8:00 a.m. until 5:00 p.m.). Should you have any questions or concerns during the project work hours (7:00 p.m. until 7:00 a.m.) please call Pete Lavalley, Project Engineer, at 530.721.1324. Thank you in advance for your cooperation.

Regards,

Dennis Cocking  
Public Information Officer
